

Notice of Waiver of Tariff Provision - 18 C.F.R § 358.7(i)

Posting of Waivers

A transmission provider must post on its Internet website notice of each waiver of a tariff provision that it grants in favor of an affiliate, unless such waiver has been approved by the Commission. The posting must be made within one business day of the act of a waiver. The transmission provider must also maintain a log of the acts of waiver, and must make it available to the Commission upon request. The records must be kept for a period of five years from the date of each act of waiver.

PJM, acting as the Regional Transmission Organization and OATT administrator for FirstEnergy, would be the entity granting waiver of a tariff provision and would be responsible for posting any information on their OASIS related to these occurrences and keeping a log of such events.

PJM OASIS is located at: <https://www.pjm.com/markets-and-operations/etools/oasis.aspx>
