

Potomac Edison

Interconnection Application Instructions

- Potomac Edison will begin accepting Community Solar Interconnection Agreement applications for year one of the Pilot Program, starting at 12 noon on June 20th, 2017.
- Applicants should complete and submit the updated Maryland level 2 to 4 Interconnection application and agreement, found on the Potomac Edison website.
- Community Solar Interconnection Agreement applications will ONLY be accepted electronically through email to PE-MD_Interconnection@firstenergycorp.com. Please include "Community Solar" in the subject line of Interconnection Agreement application emails.
- Email delivery receipts can be requested by the subscriber organization for confirmation of email receipt by Potomac Edison.
- Interconnection applications will be processed in the order in which they are received, according to the date and timestamp of electronic submission.
- Please mail all applicable application fees to:
Potomac Edison Company
Regional Engineering
10802 Bower Avenue
Williamsport, MD 21795-3016
Attn: PE-MD
- Interconnection Application fees must be received before project will be approved by Potomac Edison.
- All CSEGS requiring construction on the part of the Company will be processed under a level 4 study under COMAR 20.50.09.
- Prior to applying for an Interconnection Agreement for this Pilot Program, a Subscriber Organization must have received a valid Subscriber Organization Identification number from the Maryland Public Service Commission.
- A subscriber organization must indicate intent to participate in Community Solar under intent of generation (page 2 of application). A valid Subscriber Organization Identification number must also be provided on page 2 of the application.
- CSEGS cannot exceed 2 MW measured by the nameplate rating of the systems inverter(s).
- After receiving an executed interconnection agreement from Potomac Edison, CSEGS should apply to the Community Solar Pilot Program. Pilot Program applications should be submitted electronically to PE-MD_Community_Solar@firstenergycorp.com. Please include "Pilot Program" in the subject line for all Pilot Program application emails.
