**In the Matter of the 2022/2023 Annual Compliance Filings for the Universal
Service Fund Program Factor within the Societal Benefits Charge Rate Pursuant
to N.J.S.A. 48:2-21 and N.J.S.A. 49:2-21.1**

BPU Docket No. ER22060374

PLEASE TAKE NOTICE that, the Universal Service Fund (“USF”) Program established by the Board of Public Utilities (“Board”), pursuant to the Electric Discount and Energy Competition Act, N.J.S.A. 48:3-49, et seq., serves to provide funds to assist qualifying low-income individuals in paying their energy bills. Pursuant to Board Orders, the costs of the USF Program are recovered through uniform statewide rates that are included in the Societal Benefits Charge (“SBC”) for each of the State’s electric and gas public utilities. The SBC also includes funding for the Lifeline program, which provides assistance with heating costs to qualifying elderly and disabled persons. The State of New Jersey’s Department of Community Affairs is the Administrator of the USF Program. The New Jersey Department of Human Services is the Administrator of the Lifeline programs and authorizes the disbursement of benefits to eligible customers in the respective programs.

Jersey Central Power & Light Company (“JCP&L”) on June 27, 2022, made a compliance filing with the Board, providing supporting documentation for changes in the USF and Lifeline components of the electric SBC to become effective on October 1, 2022 (“Filing”).

Based upon the results and available estimates known to date for the 2021/2022 USF program year, and the available estimates for the 2022/2023 USF Program year, it is anticipated that the USF rates will be set to collect \$263.5 million, of which \$221.3 million would be recovered through electric rates with the remaining \$42.2 million recovered through gas rates on a statewide basis. The Lifeline rates are anticipated to collect \$74.6 million, of which \$50.7 million would be recovered through electric rates with the remaining \$23.9 million recovered through gas rates on a statewide basis.

The current combined rate, after sales and use tax (“SUT”), for the USF and Lifeline programs for electric customers is \$0.003255 per kilowatt-hour (“kWh”). As proposed, the after-SUT USF/Lifeline program charge for electric customers would increase by \$0.000952 per kWh, consisting of an increase of \$0.000955 per kWh in the USF component and a decrease of \$0.000003 per kWh in the Lifeline component, to a total rate of \$0.004207 per kWh.

Based upon JCP&L's Filing, a typical residential electric customer using 500 kilowatt hours per month, and 6,000 kilowatt hours on an annual basis, would see an increase in their annual bill from \$827.03 to \$832.74, or \$5.71, or approximately 0.69%.

The above requests will not result in any profit to JCP&L. The revenues received under the proposed USF and Lifeline program factors are designed to permit JCP&L to recover its costs associated with these programs only. Actual program costs will be reconciled with the revenues received through the USF and Lifeline program charges in the next scheduled annual USF and Lifeline compliance filing, to be made no later than July 1, 2023.

The proposed statewide charges for electric customers are as follows:

Universal Service/Lifeline Fund Components of Societal Benefits Charge				
	Present	Present (Incl. SUT)	Proposed	Proposed (Incl. SUT)
USF-Electric per kWh	\$0.002315	\$0.002468	\$0.003210	\$0.003423
Lifeline-Electric per kWh	\$0.000738	\$0.000787	\$0.000735	\$0.000784

If approved by the Board, the effect of the proposed changes in the electric USF/Lifeline Program charges on a typical residential electric bill is illustrated below:

Impact of Proposed USF and Lifeline Charges On Typical Residential Electric Bills					
Monthly kWh Usage	Annual kWh Usage	Present Annual Bill ⁽¹⁾	Proposed Annual Bill ⁽²⁾	Proposed Annual Increase	Proposed % Increase
500	6,000	\$827.03	\$832.74	\$5.71	0.69%
1,000	12,000	\$1,714.55	\$1,725.97	\$11.42	0.67%
1,500	18,000	\$2,626.94	\$2,644.08	\$17.14	0.65%

The Board has the statutory authority to establish the USF and Lifeline charges at levels it finds just and reasonable. Any final rate adjustments found by the Board to be just and reasonable may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48:2-21, and for other good and legally sufficient reasons, to any class or classes of customers of the Company. Therefore, the Board may establish the USF and Lifeline charges at levels other than those proposed by JCP&L. Copies of this Notice and other relevant documents are posted on JCP&L's website at
