Save on Your Bill with ENERGY STAR® Certified Products

- Clothes washers that have earned the ENERGY STAR use about **20% less energy** and about **30% less water**.
- A full-size electric certified dryer saves approximately **\$210** in energy bills over the life of the product.
- A new ENERGY STAR certified refrigerator can save about **\$230** over the 12-year lifetime of the product.
- Freezers that have earned the ENERGY STAR are at least **10 percent more** energy-efficient than the minimum federal standard.

The costs of energy efficiency programs are recovered through customer rates in accordance with PA Act 129 of 2008. For a complete list of commercial, industrial, residential, and low-income energy efficiency programs, please visit energysavePA.com.

By participating in energy efficiency and peak demand reduction programs, customers agree their electric utility will maintain ownership of all Capacity Rights from electric savings measures, which refers to the demand reduction associated with any energy efficiency or peak demand reduction measures for which incentives were provided by the Company.
