FINANCING ENERGY EFFICIENCY UPGRADES FOR YOUR HOME

EmPOWER Maryland programs are funded by a charge on your energy bill. EmPOWER programs can help you reduce your energy consumption and save you money. To learn more about EmPOWER and how you can participate, go to energysaveMD.com. By participating in energy efficiency and peak demand reduction programs, customers agree their electric utility will maintain ownership of all Capacity Rights from electric savings measures, which refers to the demand reduction associated with any energy efficiency or peak demand reduction measures for which incentives were provided by the Company. Potomac Edison, their parents, subsidiaries, employees, affiliates and agents assume no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of any contractor. Home Performance with ENERGY STAR rebate amount is based on the predicted energy savings for selected energy efficiency home improvements (maximum of \$10,000 per home). *To be eligible for water heater insulation, must be an electric water heater without previously installed pipe insulation.
