Re: Case No. 9064

Dear Mr. Trout:

The Commission has reviewed the Revised Fourth Interim Bidding Proposal for Allegheny Power Residential Standard Offer Service filed on July 29, 2008 by The Potomac Edison Company d/b/a Allegheny Power ("Allegheny Power").

After considering this matter at the August 27, 2008 Administrative Meeting, the Commission deferred this item to the forthcoming hearing to be held in Case No. 9064. At the August 27, 2008 hearing in Case No. 9064, the Commission accepted Allegheny Power's proposed bid plan as part of the 2009 Standard Offer Service bid plan.

By Direction of the Commission,

Terry J. Romine  
Executive Secretary
